

2021 WaterSense Toilet Replacement Program

The Alderwood Water & Wastewater District's WaterSense Toilet Replacement Program provides homeowners (single family residence that is a house or condominium) that pay a water bill to Alderwood Water & Wastewater District up to a \$75 rebate for the replacement of one old water-guzzling toilet with a new WaterSense high efficiency toilet.

This offer is valid for a toilet purchased and installed in the Districts' service area through December 31, 2021. Please allow at least 8 weeks for your rebate check.

Instructions and Requirements

1. The new toilet must bear the EPA WaterSense label -- no exceptions. Ask your retailer or plumber for a WaterSense-labeled toilet or go to awwd.com/conservation and click on "toilet rebates" for a list of the most current models.
2. You must be an Alderwood Water & Wastewater District retail customer (i.e. pay your water bill to the District).
3. The property where the toilets are installed must be a single family residence (house or condominium located in the Alderwood Water & Wastewater District service area).
4. **The rebate amount is based on the purchase price of one toilet or \$75, whichever is less, for a maximum of \$75 per service account.** The rebate covers the cost of the toilet only, not parts required for installation, or labor charges or sales tax.
5. Complete an application form for one rebate and return it within 60 days of the purchase of the toilet to:
Alderwood Water & Wastewater District, Toilet Rebate Program, 3626 156th St SW, Lynnwood, WA 98087.
Application and receipt must be received or post marked by the end of the business day December 31, 2021 to be considered for reimbursement at the 2021 rates.
6. You must attach a copy of the original sales receipt to the application and enter the brand and model number on the application.
7. It is your responsibility to demonstrate the toilet meets the program criteria. Incomplete applications or applications lacking required documentation will not be processed.
8. For more information, go to awwd.com/conservation and click on "toilet rebates".
For questions, email rebate@awwd.com or call 425-743-4605.
9. Old toilets must be recycled or disposed. They may not be resold or reused.
10. Program funds are limited and rebates are available on a first-come, first-serve basis. This program is dependent on funding and may terminate without notice.

Rebate Application Form (please write legibly)

Full Name	Customer Account No.	
Installation Address	City	Zip
Mailing Address (if different)	City	Zip
Daytime Phone	Email address	
Toilet Brand and Model	Purchase Date	Amount
Property type ___ House ___ Condominium ___ Manufactured ___	Old Toilet Age: ___ years	Rebate Total

Please check to indicate that you have completed the following tasks:

- The new toilet was installed in a residence whose water provider is Alderwood Water & Wastewater District.
- I am submitting this application within 60 days of purchase of the toilet.
- I have indicated the new toilet brand and model above.
- I have included a copy of the receipt or other materials showing I purchased a WaterSense labeled toilet.
- My account is in good standing with Alderwood Water & Wastewater District.
- I am the owner or renter of this property.

"I certify that the information above is correct and accurate. I understand that Alderwood Water & Wastewater makes no warranties or guarantees regarding any toilet purchased under this program or any promises of water savings or reductions on my water bill. Alderwood Water & Wastewater District is not responsible for any problems or damages to my property resulting from the installation of a new toilet. I understand that if I didn't purchase an eligible toilet model or if my water provider is not Alderwood Water & Wastewater District, this application will be denied."
