

APPLICATION FOR JA ACCOUNT

Northwest Region, Utilities MS 113
PO Box 330310
Seattle, WA 98133-9710

JA NUMBER:

The Utility Permit or Franchise Application recently submitted and signed by you states, "Fees ...are paid to defray the basic administrative expense incident to the processing of this application according to WAC 468-34 and RCW 47.44 and amendments. The applicant further promises to pay additional costs incurred by the Department on the behalf of the applicant." A JA Account is the instrument used to collect those additional costs.

Therefore, a JA account must be opened by this office to cover the actual and indirect cost related to your project. By signing this application, you agree to pay all Department costs plus an administrative overhead. A billing will be submitted to you each month showing the balance and additional charges that are incurred, until your project is completed. Payment is due within 30 days of receipt of each invoice, to avoid any additional charges.

This is not a bill. Do not send the amount listed below. You will be billed later for actual charges incurred.

Instructions:

Please complete ALL fields in the Customer Information box and return this application as soon as possible to avoid delays. A copy will be returned to you once a JA number is assigned to your account.
