## Project S1906A Site 5 – Locust Way & 219<sup>th</sup> St SW Sewer Project

April 11<sup>th</sup>, 2022

To our valued customers and travelers throughout the District who live or visited the area near Locust Way & 219<sup>th</sup> St SW;

On behalf of the Alderwood Water & Wastewater District, I wish to thank you for your patience and participation in making our project a successful one. We understand that this type of construction can cause delays and detours, and can be frustrating. However, the majority of the impacts to your streets, services, and driving access are over. The final paving was completed this week. Your patience through this period made the work of our staff and contractors go more quickly and smoothly.

The District's sewer pipes and manholes that were installed will add to the District's ability to serve our community for generations to come.

For questions or comments about this project, please feel free to contact me at [cforrest@awwd.com](mailto:cforrest@awwd.com) or 425-741-7982.

In Appreciation,

A handwritten signature in blue ink that reads "Catherine Forrest". The signature is written in a cursive, flowing style.
