

Water conservation tips

The District advises its customers to use water wisely and offers free conservation items to reduce the amount of water used.

Outdoor Water Conservation Tips

- Water early or late
- Water deeply but infrequently
- Get water to the roots
- Fix leaks
- Wash vehicles with a pail and a hose with a shut-off nozzle or at a car wash
- Use a broom not a hose for cleaning
- Tune-up automatic sprinkler systems
- Mow high
- Water young trees efficiently
- Use shut-off nozzles on hoses

Indoor Residential Water Conservation Tips

- Replace older toilets with WaterSense labeled high efficiency toilets
- Install low flow shower heads and take shorter showers
- Fix leaks
- Wash full loads of laundry and dishes
- Turn off the tap when brushing your teeth and washing your hands
- Use garbage disposal minimally

Indoor Business Water Conservation Tips

- Fix leaks
- Wash full loads of laundry and dishes
- Thaw in fridge
- Provide towels on request
- Check cooling towers
- Check equipment that is not in use
- Increase employee awareness
